# BULBEE by PARA NOCTA

LA LUMIERE IDEALE

PARANOCTA designs and manufactures wireless outdoor LED lighting to live, high performance, 360° efficient and warm.

Lamp post, hanging lantern or table lamp at the same time, PARANOCTA offers versatility and modularity.

Its removable, lighting core becomes now the BULBEE wireless light bulb, new compact and very decorative format even more adaptable.

- Original CREE LED •
- 3000°K warm white – CRI80 •
- Lithium-Ion battery 7.4V 5200mAh •
- BLE 4
- 5V 2A charger – 220V AC
- 1m Micro USB cable

## HOW IT WORKS

The wireless, rechargeable, connected LED BULBEE bulb simplifies outdoor lighting. Waterproof and decorative, it is designed for both indoor and outdoor use. The opaline diffuser dome shares warm, adjustable, 360° light over 30m² for 8.5 hours. Hang BULBEE. Fix BULBEE. Or, create your own luminaires.
