BULBEE par PARANOCTA

PARANOCTA designs and manufactures wireless outdoor LED lighting for living, high performance, 360° efficient and comfortable.

Floor lamp, lantern or compact lamp at the same time, PARANOCTA is very modular.

Smart and aesthetic, the BULBEE lamp appeals by the quality of its finishes and concentrates components and materials selected for their durability.

- Original CREE LED •
- 3000°K warm white - CRI80 •
- Lithium-Ion battery 7.4V 5800mAh •
- BLE 4 •
- 5V 2A charger - 220V AC •
- Magnetic cable •

HOW IT WORKS?

The wireless, rechargeable, connected LED BULBEE bulb simplifies lighting for both indoor and outdoor use. Decorative, BULBEE can be used on its own, suspended or in a candle jar. Removable, it is inserted into the lantern of the PARANOCTA floor lamp. Without mast, the lantern can be placed on the floor or on a table or hung with the strap.
